International Journal of Multidisciplinary Perspectives in Higher Education

OJED

OPEN JOURNALS IN EDUCATION

High-quality, peer-reviewed academic journals based at leading universities worldwide.

Open Journals in Education (OJED) publishes high quality peer reviewed, open access journals based at research universities. OJED uses the Open Journal System (OJS) platform, where readers can browse by subject, drill down to journal level to find the aims, scope, and editorial board for each individual title, as well as search back issues. None of the OJED journals charge fees to individual authors thanks to the generous support of our [institutional sponsors](#).

OJED journals are indexed in major academic databases to maximize article discoverability and citation. Journals follow best practices on publication ethics outlined in the [COPE Code of Conduct](#). They work to ensure timely decisions after initial submission, as well as prompt publication online if a manuscript is accepted for publication. OJED journals benefit from the editorial, production, and marketing expertise of our team of volunteers.
